

Letter of Reference – Jana Ali Alzahrani

To Whom It May Concern,

I taught the student mentioned above in the following courses: E-commerce and E-business during her bachelor's studies, and she was an above-average student. Jana demonstrates an unwavering commitment to achieving required tasks and a strong inclination towards collaborative work with her peers. Her self-motivation is truly commendable. Her recent graduation with a 3.87 GPA out of 4, with a first degree of honor, is a testament to her capability to pursue her master's studies and maintain her commitment wherever she applies.

It is my pleasure that I provide this letter of recommendation on behalf of Jana. I am confident that she will excel in any academic or professional environment she chooses to be a part of.

Please don't hesitate to contact me if you need any additional information.

Yours Sincerely,
